## IN BRIEF

### SCHOOL COMPETITION

Suncity School organised the 8th edition of their largest inter-school competition — Multiple Intelligence-MI ME. Over 160 students from 11 schools from Gurugram participated in the competition. The competition is a first of its kind initiative and has been meticulously designed in sync with Howard Gardner's Theory of Multiple Intelligence. The platform provides an opportunity to students to explore and evaluate their intelligence traits and latent talents. The annual inter school competition had an array of activities specially designed for the students of Elementary Year Programs.

The competition was organised in three groups— pre-nursery, nursery, and kindergarten participated in activities like cartoon carnival, exploring negative space, trading the spices, my grandparent's attic, balance the blazing ball among other things.
